

speedHR: SAP HCM within 6 weeks ! [PRINT](#)

speedHR is a unique packaged solution based on the SAP Business All-in-One solution and aimed at enterprises that are seeking a rapid entry into SAP HCM solutions. Leverage the latest HCM technology, at a price you can afford!

This out-of-the box solution includes the main SAP HR functionalities and a pre-configured set-up to support common business scenarios. Within **speedHR**, these business scenarios are translated into the following SAP HCM modules:

Personnel Administration	ESS Leave Request
Organizational Management	
Time Recording	
Payroll Administration	MSS Team View
Training Management	
Competence Management	
Standard reporting Toolset	

Further **extensions** are available on demand and can be plugged in without any re-work!

The Emeritis **speedHR** solution offers:

- ⚙ An extensive, integrated solution to meet your immediate HCM needs
- ⚙ Flexibility and scalability to accommodate future growth
- ⚙ A world-class HR foundation based on Best Practices
- ⚙ A streamlined and proven methodology
- ⚙ A product developed in conjunction with SAP in some regions for full assurance of compatibility and appropriateness of design

Amazing lead time, at a cost you can't refuse:

- ⚙ Aggressive implementation lead time
- ⚙ Fixed scope and aggressive pricing
- ⚙ Out-of-the-Box approach

speedHR, the packaged solution that turns the world of SAP HR implementations upside down !
